

FT-00-R3

Fiber optics

1: nut:

2: OKFF with fibre optic

Product characteristics

Diffuse reflection sensor

Ø 3 mm

with adapter for direct mounting

Range 25 mm

Connection to fibre optic amplifiers type OKF

Monitoring range

Range

OKF: 25 mm

Environment

Ambient temperature [°C]

-20...80

Mechanical data

Design

angled

Length [mm]

24

Fiber arrangement

Housing materials

nut: plastics

Fiber optic

glass

Sensing head

stainless steel (303S22)

Weight [kg]

0.014

Remarks

Pack quantity [piece]

1
