

Model Number

ODZ-MAH-GRIP3

Handle with trigger switch and 3900 mAh battery

Features

- UL Recognized Component

Function

The ODZ-MAH-GRIP3 is an extremely robust handle for handhelds of the product families ODT-HH-MAH* and I*T-HH20. The integrated Lithium-Ion batteries with a capacity of 3900 mAh enable you to work mobile and without annoying cables.

Thanks to the exterior contact, the handle with the mounted handheld can be charged in the charger tray ODZ-MAH-CHARGER in a simple and uncomplicated manner.

2 attachment holes facilitate the safe attachment of the handheld to the handle. The hard wearing material and ergonomic design of the ODZ-MAH-GRIP3 handle guarantee stability and comfort in daily use.

In addition, the overhanging rubber border ensures that the handheld is protected should it be dropped
