

Product characteristics

AS-i master	
Application	
Application	ASI Master for SLC5 PLC Platform
Electrical data	
Number of AS-i masters	2
Operating current [mA]	Approx. 500 out of power supply 5 V DC
Operating voltage [V]	30 DC (AS-i)
Interfaces	
Programming interface	USB
Environment	
Ambient temperature [°C]	0...50
Storage temperature [°C]	-25...70
Protection	IP 20
AS-i classification	
AS-i version	3.0
Displays / operating elements	
Display	LED
Remarks	
Remarks	The U71000 is a backplane master for the Allen-Bradley SLC 5 PLC platform. It contains 2 integrated AS-I masters (version 3.0) each capable of communicating with 248 inputs and 248 outputs. Configuration is handled through Allen-Bradleys' RSLogix software package.
Pack quantity [piece]	1
