

Product characteristics

AS-i master

Application

Application

ASI master for Compactlogix and Micrologix 1500 PLC platforms

Electrical data

Number of AS-i masters

1

Operating current [mA]

approx. 100 out of AS-i
approx. 450 out of power supply 5 V DC

Operating voltage [V]

30 DC (AS-i)

Interfaces

Programming interface

RS-232 C; RJ11; 9600...115200 Baud

Environment

Ambient temperature [°C]

0...55

Storage temperature [°C]

-25...85

Protection

IP 20

AS-i classification

AS-i version

3.0

Displays / operating elements

Display

LED display

Remarks

Remarks

A backplane master for the Allen-Bradley Compactlogix / Micrologix 1500 PLC platform. It contains 1 integrated AS-I version 3.0 master capable of communicating with 248 inputs and 248 outputs. Configuration is handled through Allen-Bradleys' RSLogix software package.

Pack quantity [piece]

1
