Ordering information

| Type | Part no. |
|---------------|----------|
| LVBSTM6233000 | 7022947 |

Only one fiber is included in the scope of delivery. However, 2 pieces are required for operation.

Detailed technical data

Features

| | |
|--------------------------------------|--------------------|
| Device type | Fibers |
| Detection principle | Proximity system |
| For fiber-optic sensor | WLL170(T)-2 |
| Fiber length | 3,000 mm |
| Fiber material | Glass fiber |
| Jacket material | Stainless steel |
| Ambient operating temperature | -58 °C ... +315 °C |

Mechanics/electronics

| | |
|--------------------------------------|--------------------|
| Ambient operating temperature | -58 °C ... +315 °C |
|--------------------------------------|--------------------|

Classifications

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
